Coravin Wines at The Veranda

Coravin is a state-of-the-art extraction system that allows fine wine pours from a bottle without having to remove the cork. The Coravin process entails using a hypodermic needle to pierce the self-sealing cork and pour world-class wine without even removing the foil. In addition, Argon, an inert gas is used so the fine wine doesn't get spoiled. This process allows The Kahala to pour high-end wines not normally offered by the glass. *The Coravin Wines at The Veranda* selections include prestigious wines from *Opus One* to *Penfolds Bin 707*, *Chateau Montelena*, *Far Niente*, *Quintarelli Amarone Classico* and more. *The Coravin Wines at The Veranda* are 5-ounce pours with prices ranging from \$35-\$99 plus tax & gratuity per glass.
